Real Estate Listings: 15 Wright Road **Sold:** None **Refinance:** None **Foreclosures:** None

Old Business

- A. 29 Wright wants to put up a fence. Based on the drawings given to the board, it is not IAW the bylaws. Asked Gerry to go down and talk with Ms Fortin.
- B. Invoice for Trophy Lawn. Four payments of \$1750. Made the first two payments
- C. Gina Ramirez of 10 Wright will be setting up a direct payment. Still have not seen her. Is not up to date. Also, Thien Huynh has not been by to set up a direct withdrawal. He did bring his account up to date with a check
- D. Cassella Waste Services has already increased our monthly garage pickup to cover the cost of increased fuel cost. Last month it was \$90 this month it was \$110
- E. The Gallaghers at 1 Donovan Drive are asking to install a fence in Their backyard it is not a privacy fence. This fence's purpose is to hide the old trees and falling trees in the woods behind our home, the fence would go from their shed that is next to wright road and the fence would end behind the children's playhouse that is next to the backyard of 3 Donovan drive.
- F. The Rich's are concerned regarding the drainage in between 5 and 7 Judith. These issues have ruined their yard rendering it unusable with even just the smallest rain. 5 and 7 paid upwards of \$1000 to have the area Cleaned out by professionals but that is not something sustainable financially for either party so since then we've been working to maintain it since there is no drainage pipe there. They had a professional come from Howard Landscaping who does excavating and assess what the cost would be to fix the drainage issues and it was extremely costly, unrealistic and unreasonable for the responsibility to be on just 7 Judith's shoulders when I pay the same amount of dues as everyone else. With it being so costly we've started to fix our yard ourselves, however myself and the gentleman from Howard noticed the drainage pipe leads into a swamp area in between the Katz and their neighbors and if that area does not get cleaned out the water is just going to continue to back up into my yard
- G. Amanda Loder 6 Donovan Drive is informing the association of a project with Defrancesco Quality Roofing we are planning for this summer (estimated 3–4-month lead time). They will be installing Certainteed vinyl siding in "spruce", and shutters will be changed to black. They can be reached at (603)818-4075 or you can contact me at any time with questions, as well. If any additional plans or documents are required to move forward with this project, please let them know!

New business

- A. Joseph & Michelle Curry are the new owners of 8 Wright Rd.
- B. The Rick's at 6 Wright Rd plan to put up a swing set. It measures 15ft. wide and we were planning on putting it either in the back yard or to the right of our house when looking at it from the front.
- C. We gave permission to Cindy Lang 3 Rachel Ct for a Pug dog.
- D. Gaspar Obimba is looking to do the following outdoor projects: 1: He is looking at installing solar on the roof (back side and garage side roof) and Sunrun or Tesla would be leading this process. If we approve the above, they need to drop some large trees. 2: He is also trying to install an exterior door to the garage upstairs so he can move a couch up there, the current door won't allow him to even move a small seat up there. For that to happen, He would also need to install staircases on the west side of the house.
- E. Called Casella about to one day delay in pick up. This was due to the holiday on Monday. Only way to know if there will be a delay is to call them on the Friday before the Holiday to see if they are working on the Holiday.

F. Latex paint and reflective beads ordered should arrive from Amazon 15 June.

G. Do we need to reorder the street signs (which ones?)

Next meeting is scheduled for Sunday July 10, 2022 @ 7:00PM. Respectfully submitted by M.Santangelo, Secretary.
